Jackfish Avenue

Aquarius to Park Rd 22

Project Fact Sheet

PROJECT DESCRIPTION:

The reconstruction of Jackfish Avenue will include a combination of concrete and asphalt roadway. The roadway from Park Road 22 to Ambrosia Street will be constructed with concrete and the roadway from Ambrosia Street to Aquarius Street will be constructed with asphalt. This project will also incorporate minor utility improvements, curb and gutter as needed, sidewalk installation in front of Ulberg Park, select driveways, signage, and pavement markings.
